Diversity and Inclusion Policy

Diversity and Inclusion Policy

As evidenced in its Vision and Values Statement, Atlas Arteria (**Atlas Arteria**) respects and values diversity and a culture of inclusion on its boards and in its workforce at all levels.

Atlas Arteria's commitment to diversity and inclusion is part of ensuring it remains contemporary, relevant and sustainable.

Definition of Diversity and Inclusion

Atlas Arteria defines diversity as a broad range of experiences, skills and views. Atlas Arteria understands that diversity is enhanced through workforce representation across a spectrum of backgrounds. In particular, Atlas Arteria believes that differences arising through characteristics such as gender, age, ethnicity, cultural background, marital or family status, profession, discipline, work experience including international and cross-cultural work experience, religious beliefs, physical ability, socio-economic background, gender identity and sexual orientation in our workforce enhance our ability to be a high performing company and should not be a barrier to career success.

Atlas Arteria considers inclusion to mean the provision of a workforce where everyone feels respected and safe. Inappropriate workplace and business behavior will not be tolerated. Atlas Arteria has a genuine interest in diverse opinions and understands that we can all learn from each other. Atlas Arteria staff have a responsibility and freedom to speak up.
