Important information

Disclaimer

The information in this presentation is given in good faith and derived from sources believed to be accurate at this date but no representation or warranty (express or implied) is given as to its accuracy, completeness, or reliability. Atlas Arteria, its subsidiaries and their officers, employees or any other person accept no responsibility or liability arising in any way whatsoever, (including for errors or omission) from or in connection with this publication or the information it contains, including without limitation any liability from fault or negligence. The material contained in this presentation may include information derived from publicly available sources that have not been independently verified and Atlas Arteria makes no representation as to the accuracy of such information.

This presentation is not an offer or invitation for subscription or purchase of, or a recommendation of, securities. It does not take into account the investment objectives, financial situation and particular needs of the investor. Information in this presentation should not be considered as advice or a recommendation to investors or potential investors. Before making an investment in Atlas Arteria, the investor or prospective investor should consider whether such an investment is appropriate to their particular investment needs, objectives and financial circumstances and consult an investment adviser if appropriate.

Investments in Atlas Arteria are subject to investment risk, including possible delays in repayment and loss of income and capital invested.

Forward Looking Statements

This presentation may contain forward-looking statements including statements with respect to Atlas Arteria's future performance. Such forward-looking statements are not guarantees of future performance. Due care and attention have been exercised in the preparation of forward-looking statements, however actual results may vary as a result of various factors beyond the control of Atlas Arteria, its subsidiaries and their officers, employees, agents and advisors. The words, 'plan', 'will', 'expect', 'may', 'should', and similar expressions are intended to identify forward looking statements.

Non-IFRS information

This presentation includes certain financial measures that are not recognised under Australian Accounting Standards (AAS) or International Financial Reporting Standards (IFRS). Such non-IFRS financial measures do not have a standardised meaning prescribed by AAS or IFRS and may not be comparable to similarly titled measures presented by other entities, and should not be construed as an alternative to other financial measures determined in accordance with AAS or IFRS. Recipients are cautioned not to place undue reliance on any non-IFRS financial measures included in this presentation. The non-IFRS information has not been subject to audit or review by Atlas Arteria's external auditor.

Basis of preparation

All currency amounts are in Australian dollars unless stated otherwise. Data used for calculating percentage movements has been based on actual numbers. Percentage changes are based on prior comparative period unless otherwise stated. Atlas Arteria has a 31 December financial year end. Refer to the Glossary of Terms for key terms used in this presentation.

No Offer

This presentation does not constitute an offer to sell, or the solicitation of an offer to buy, any securities in the United States or any other jurisdiction. Atlas Arteria's securities have not been, and will not be, registered under the US Securities Act of 1933, as amended (US Securities Act) or the securities laws of any state or other jurisdiction of the United States or elsewhere. Accordingly, Atlas Arteria's securities may not be offered or sold, directly or indirectly, in the United States unless they are offered or sold pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the US Securities Act and any other applicable US state securities laws.

US Ownership Restrictions

Atlas Arteria's securities are subject to ownership restrictions that apply to residents of the United States and other US persons who are not "qualified purchasers" (as defined in Section 2(a)(51) of the US Investment Company Act of 1940). For further details, please see our website https://atlasarteria.com/stores/_sharedfiles/US_Ownership/AtlasArteria-USownershiprestrictions.pdf.

PURPOSE AND STRUCTURE

THE PURPOSE OF THE INVESTOR REFERENCE PACK (THE 'IRP' OR THE 'PACK') IS TO PROVIDE INFORMATION SUPPLEMENTARY TO THE INTERIM FINANCIAL REPORT OF ATLAS ARTERIA FOR THE HALF YEAR ENDED 30 JUNE 2022.

This Pack provides a more detailed analysis of the performance of each business within the Atlas Arteria portfolio.

This Pack is prepared on a different basis from the Atlas Arteria Interim Financial Report, which is prepared in accordance with Australian Accounting Standards. The information contained in this Pack does not and cannot be expected to provide as full an understanding of the financial performance, financial position and cash flows of Atlas Arteria for the half year as in the Interim Financial Report. This Pack should be read in conjunction with the Interim Financial Report which is available on the Atlas Arteria website.

OVERVIEW OF OPERATIONS

The map below shows the locations of Atlas Arteria's operations as at 30 June 2022.

BUSINESS PORTFOLIO

Table 1 – Atlas Arteria's portfolio of businesses and percentage interests as at 30 June 2022

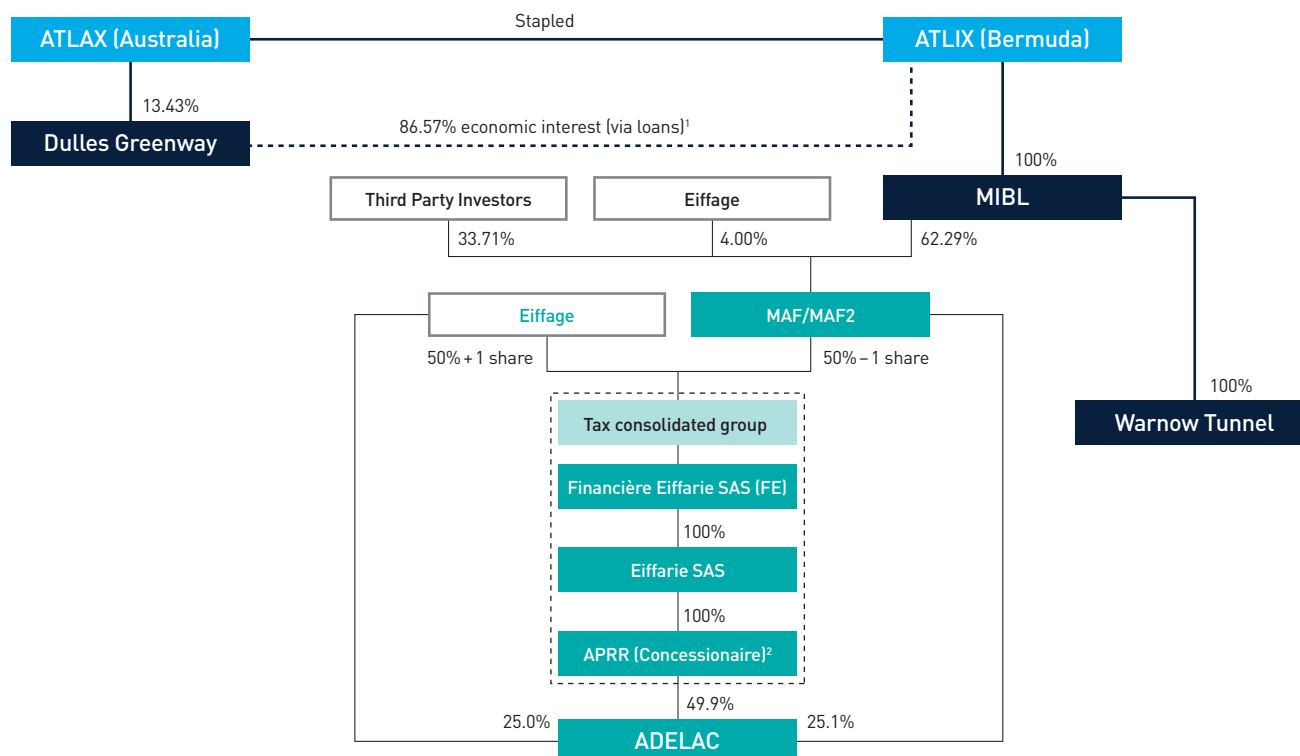

Asset	Reporting currency	Date of concession end	Economic interest
APRR¹	€	November 2035 (APRR) September 2036 (AREA) February 2068 (A79, also known as RCEA)	31.14%
ADELAC	€	December 2060	31.17%
Dulles Greenway	US\$	February 2056	100.00%
Warnow Tunnel	€	September 2053	100.00%

1. APRR owns 99.84% of AREA and 99.9% of A79 (on 30 June 2022, effective ownership of ALIAE SAS, the concessionaire for A79, was transferred to APRR).

CORPORATE STRUCTURE

Atlas Arteria is a stapled security listed on the Australian Securities Exchange. Stapled securities are two or more securities that are quoted and traded as if they were a single security. An Atlas Arteria stapled security consists of a share in Atlas Arteria Limited ('ATLAX') and a share in Atlas Arteria International Limited ('ATLIX').

Figure 1 – Atlas Arteria structure overview as at 30 June 2022

1. ATLIX's 86.57% economic interest in Dulles Greenway represents two subordinated loans secured against the non-Atlas Arteria limited partner interests in Toll Road Investors Partnership II ('TRIP II').

2. APRR owns 99.84% of AREA and 99.9% of A79. A79 expected to be included in the tax consolidated group on 1 January 2023.

1. CORPORATE CASH FLOW

Table 2 – Aggregated cash flow statement of Atlas Arteria

A\$m	H1 2022	H1 2021	H1 2020
Operating cashflows:			
APRR distributions	208.3	151.1	206.8
Warnow Tunnel distributions	5.3	0.7	–
Dulles Greenway distributions	–	–	–
Manager, adviser base fees and performance fees	–	(0.5)	(3.0)
Payments to suppliers and employees	(17.7)	(16.4)	(14.6)
Interest income on corporate cash balances	(0.0)	(0.2)	1.9
Exchange rate movements	(1.1)	(4.9)	2.1
Investing cashflows:			
Growth Projects	(0.2)	(1.0)	–
Purchase of fixed assets	(0.1)	(0.2)	(0.1)
Net corporate cashflow	194.5	128.5	193.1
Interest paid	–	–	(5.2)
Payments for and capital contributions to investments (including transaction costs)	–	–	(1,275.4)
Proceeds from the issue of securities (net of transaction costs)	–	–	412.3
Cash injection in investments	–	(64.3)	–
Repayment of borrowings (including transaction costs)	–	–	(571.3)
Other financing and investment cashflow	–	(64.3)	(1,439.6)
Cash balance at beginning of the period	133.8	193.7	1,387.6
Net corporate cashflow	194.5	128.5	193.1
Other financing and investment cashflow	–	(64.3)	(1,439.6)
Distributions paid to Atlas Arteria's securityholders	(196.6)	(124.7)	–
Cash balance at end of the period	131.7	133.2	141.1
Distributions paid to Atlas Arteria securityholders (cents per share)	20.5	13.0	–

The aggregated cash flow statement shows Atlas Arteria's corporate cash flows, including distributions from its businesses, corporate operating costs, and financing cashflows including debt and equity raised and invested (including financing and transaction costs). Cash flows within subsidiary businesses are not included. As a result, the aggregated Atlas Arteria cash flows shown in the Investor Reference Pack and the Atlas Arteria Consolidated Statement of Cash Flows shown in the Interim Financial Report will differ.

2. BUSINESS OVERVIEW AND PERFORMANCE

2.1 APRR, AREA & A79

2.1.1 Business background

APRR is a 2,386km motorway network located in the east of France. The APRR Group consists of the APRR concession, the AREA concession, the A79 concession, and a minority stake in the ADELAC concession. APRR provides intercity road connections between major cities within its network including Paris and Lyon, which are critical connections for light vehicles, as well as a primary route for French and European road freight. In June 2022, the ownership of A79 was finalised with construction scheduled to finish in Q4 2022.

APRR and AREA tolls escalate annually in February by a percentage of French CPI, plus supplemental increases as agreed with the French State as a result of APRR funded capex projects. The current toll escalation formulae are shown below and the applicable tolls are presented on the APRR website¹. Toll prices at A79 will be announced on opening and grouped by vehicle class with a multiplier for heavy vehicles.

Table 3 – APRR toll escalation

	APRR	AREA	A79
2022-2023	70% x CPI + 0.25%	70% x CPI + 0.26%	75% x CPI
2024+	70% x CPI	70% x CPI	+ 15% x TP01* + 10% x TP09*

*TP01 and TP09 are production cost indices typically used in contract escalation and are capped at 4% and floored at zero.

The APRR concession expires in 2035, the AREA concession in 2036, and the A79 concession in 2068. A map of the APRR, AREA and A79 networks is shown below.

1. <https://voyage.aprr.fr/tarifs-de-peage>

2. BUSINESS OVERVIEW AND PERFORMANCE

2.1.2 Business performance

Consolidated accounts are prepared by APRR using International Financial Reporting Standards ('IFRS').

Table 4 – APRR Traffic and Consolidated Profit and Loss

€m unless otherwise stated	H1 2022	H1 2021	% ch on prior	H1 2020
– Light Vehicle traffic, VKT millions	9,790	7,627	28.3%	6,322
– Heavy Vehicle traffic, VKT millions	2,039	1,960	4.0%	1,699

Corporate credit rating			
– S&P	A- (stable)	A- (stable)	A- (stable)
– Fitch	A- (stable) ²	A- (stable)	A- (stable)
APRR and Eiffarie			
Gross debt	9,186.4	8,962.5	8,893.0
Cash and cash equivalents	951.0	1,229.7	910.6
Net debt	8,235.4	7,728.8	7,982.4
Actual Net debt/EBITDA	3.9x	4.1x	4.7x
Hedging %	87.0%	86.7%	83.6%

2. In May 2022, Fitch placed APRR on credit rating watch positive.

2. BUSINESS OVERVIEW AND PERFORMANCE

Table 7 – APRR debt facilities

€m	30-Jun-22	31-Dec-21	Details
Euro Medium Term Note ('EMTN') public bonds – fixed	7,600	7,100	Fixed coupon bonds ranging from 0% to 1.875%, with maturities from 2023 to 2033. €500m was issued in June 2022 with a 1.875% coupon maturing January 2029.
European Investment Bank Loan	–	100	€100m fixed rate loan was repaid during H1 2022.
EMTN index linked bonds	110	106	Bond matures in 2032 with a coupon of 0.34% with the principal indexed at French CPI.
Caisse Nationale des Autoroutes ('CNA') debt	33	33	Outstanding CNA debt is fixed rate with a fixed amortisation profile to 2027.
Maurice-Lemaire Loans	21	21	€7m zero interest with the remainder being index linked.
Commercial Paper	372	503	Short term fixed interest rate borrowings. Weighted average interest rate of -0.3%.
Total drawn debt facilities	8,136	7,863	
Other	51	99	Includes €41m in accrued interest and €10m in other items.
IFRS adjustment	(70)	(69)	Drawn debt balances are presented above under French GAAP and reflect face value of debt. Gross debt as per APRR consolidated accounts reflects IFRS adjustments.
Gross APRR debt	8,116	7,893	Total carrying value of debt reflected in the APRR consolidated accounts.
Revolving Credit Facility ('RCF')	2,000	2,000	

Table 8 – Other APRR related debt facilities

€m	30-Jun-22	31-Dec-21	Details
Eiffarie term loan	1,070	1,070	Refinanced on 20 February 2020 with a margin of 62.5bps above the greater of Euribor and 0%. In January 2021, 96.66% of the loan maturity was extended by 1 year to February 2026 (remaining 3.34% matures in February 2025). In January 2022, 90.47% of the loan was extended for a further year to February 2027 (6.19% matures in February 2026). No amortisation required until 2023 with amortisation proposed to be €40m in 2023, €80m in 2024 and €116m (for the 96.66% extended facility portion) in 2025.

Figure 3 – APRR and Eiffarie debt maturity profile at 30 June 2022 (€m)¹

1. Chart excludes €21m Maurice-Lemaire loans.

2.2 ADELAC

2.2.1 Business background

ADELAC, otherwise known as the A41 north, is a 20km two lane motorway which connects Annecy in France and Geneva in Switzerland, offering fast transit for commuters and facilitating leisure traffic between Geneva and the French Alps.

The road provides a continuous motorway connection to the A41 (south) and the A40 (west). APRR is the operator of the ADELAC Concession.

Under the concession contract, tolls typically increase each year in February by French CPI plus a fixed percentage. The current toll escalation formulae are shown below and the applicable tolls are presented on the ADELAC website². ADELAC's concession agreement enables ADELAC, within certain limits, to allocate its annual toll increase to specific toll stations.

During 2021, ADELAC and the Ministry of Transport had separately negotiated a tolling solution at the Cruseilles toll station and main plaza to align the toll prices at the entry points and improve safety. In return, the toll escalation formulae for ADELAC was altered as outlined in Table 9.

Table 9 – ADELAC toll escalation

Prior agreement		Updated agreement	
2022-30	CPI + 1.0%	2022	CPI
2030+	CPI	2023-27	CPI + 1.0%
		2028	CPI + 0.41%
		2029+	CPI

The ADELAC concession expires in 2060.

² https://www.liane-autoroute.com/le_reseau_liane/les_tarifs

2. BUSINESS OVERVIEW AND PERFORMANCE

2.2.2 Business performance

Stand-alone accounts are prepared by ADELAC using French GAAP.

Table 10 – ADELAC profit and loss

€m unless otherwise stated	H1 2022	H1 2021	% ch on prior	H1 2020
Total traffic (trips millions)	5.20	3.66	42.1%	3.41
Average Daily Traffic (ADT)	28,707	20,202	42.1%	18,756
– Toll road operations revenue	29.6	19.4	52.1%	18.3
– Other revenue	0.1	0.1	13.6%	0.1
Revenue	29.7	19.5	51.8%	18.4
Purchases and external charges	(3.6)	(2.7)	(30.2%)	(2.6)
Taxes (other than income tax)	(1.0)	(0.7)	(43.5%)	(0.9)
EBITDA	25.1	16.1	55.9%	14.8
EBITDA margin	84.6%	82.4%	2.2%	80.7%

2.2.3 Financing and debt

Table 11 – Debt metrics

€m unless otherwise stated	30-Jun-22	31-Dec-21	30-Jun-21
Gross debt	699.8	707.1	710.6
Cash	39.2	32.9	23.6
Net debt	660.6	674.2	687.0
Net debt/EBITDA	13.5x	16.9x	19.5x
EBITDA/Interest	2.67x	2.25x	2.05x
Hedging %	85.8%	84.9%	85.1%

Gross debt is exclusive of shareholder loans from related entities (AREA) which totalled €24.9m as at 30 June 2022 (€24.2m as at 31 December 2021). Dividends from ADELAC to APRR and MAF2 can only commence following repayment of these shareholder loans.

Table 12 – ADELAC debt facilities

€m	30-Jun-22	31-Dec-21	Details
Term facility	699.8	707.1	Margin over Euribor of 1.90% to June 2026, 2.10% thereafter. Maturity in July 2030 with cash sweep mechanism with minimum repayment profile. Swap paying fixed rate at 0.85% maturing in 2035 for c.85% of existing debt.

2.3 Dulles Greenway

2.3.1 Business background

Dulles Greenway is a 22km tolled motorway in northern Virginia, USA, which runs from Dulles International Airport to the town of Leesburg. Dulles Greenway is part of a key route in one of the fastest growing and most affluent counties in the United States. As Loudoun County continues to grow, it is anticipated that Dulles Greenway will be well positioned to provide capacity, a quality service and attract a greater share of future corridor growth, with the ability to expand to meet future demand.

Atlas Arteria holds a 100% economic interest in Dulles Greenway. Tolls can be charged on Dulles Greenway until 2056. Tolls are set on application to the Virginia State Corporation Commission ('SCC'). On 26 April 2021, the SCC provided for toll increases for the 2021 and 2022 years as outlined in the table below.

Future toll rates beyond 2022 will continue to be determined by the SCC under the Virginia Highway Corporation Act of 1988 (HCA) in accordance with Section §56-542, where the SCC shall 'have the duty and authority to approve or revise the toll rates charged by the operator'. Toll rates should be set at a level that:

1. 'is reasonable to the user in relation to the benefit obtained'; and
2. 'will not materially discourage use of the roadway by the public'; and
3. 'will provide the operator with no more than a reasonable rate of return as determined by the SCC'.

Due to the passage of new legislation, the HCA was amended, effective 1 July 2021. The key changes to the HCA from these amendments:

- prevent the SCC approving more than one year of toll rate increases at a time (where previously approvals have granted multiple increases for up to five years as part of any one rate case submission); and
- defined the threshold at which toll increases would be considered to 'materially discourage use' as a 3% fall in traffic, adjusted for population growth.

Table 13 – Dulles Greenway toll escalation

Toll price increases (two-axle vehicle)	Peak	Off-peak
2021 (effective 5 May 2021)	0%	5.3%
2022 (from 1 January 2022)	0%	5.0%

2. BUSINESS OVERVIEW AND PERFORMANCE

2.3.2 Business performance

Stand-alone accounts are prepared by Dulles Greenway (or TRIP II) using US GAAP and since 2019 have been prepared in accordance with ASC606 for statutory reporting purposes. For comparative purposes however, revenue in the table below is shown in accordance with ASC605 rather than ASC606 and are therefore in line with IFRS accounting standards (excluding IFRIC 12). Operating expenses exclude project improvement expenses and easement accruals (which are otherwise considered as operating expenses under US GAAP). A reconciliation between EBITDA calculated under these arrangements and IFRS is provided.

Table 14 – Traffic, Revenue and EBITDA

US\$m unless otherwise stated	H1 2022	H1 2021	% ch on prior	H1 2020
Total traffic (trips millions)	5.87	5.23	12.3%	5.17

Table 17 – Dulles Greenway debt facilities

US\$m	30-Jun-22	31-Dec-21	Details
Senior Current Interest Bonds Series 1999A	35.0	35.0	Current interest bond, semi-annual coupon at 7.13% pa interest rate maturing on 15 February 2035.
Senior Zero Coupon Bonds Series 1999B	475.8	505.9	Zero coupon bonds, 7.30% pa embedded interest rate on remaining bonds, mature over a range of dates from 2003 to 2035.
Senior Accreting Interest Bonds 2005B	123.3	138.4	Accreting interest bonds, compounded semi-annually, 5.70%, legal maturity in 2043 – with early redemption scheduled between 2022 and 2035.
Senior Zero Coupon Bonds Series 2005C	453.7	441.2	Zero coupon bonds, yield to maturity ranging from 5.50% to 5.65%, with maturities between 2036 and 2056.
Total debt	1,087.7	1,120.5	

2. BUSINESS OVERVIEW AND PERFORMANCE

Figure 6 – Debt service profile (2022-2036) as at 30 June 2022 (US\$m)

The chart above presents the maturity profile for debt outstanding as at 30 June 2022 and also provides the total debt service (principal and accrued interest) payable each year to 2036. The debt service profile extends to 2056.

There are two distribution tests, being the Minimum Coverage Ratio (MCR) and the Additional Coverage Ratio (ACR) which are both tested annually at 31 December and calculated in accordance with the table below. If the MCR is not met, distributions from Dulles Greenway are in lock up for 12 months. Where the ACR is not met, distributions from Dulles Greenway are in lock up for 36 months.

The debt service which is included in the MCR and ACR calculations includes the bonds that were repurchased and cancelled, net of the percentage of the discount at which they were acquired (US\$2.7m in 2020 and US\$0.2m in 2019).

Table 18 – Distribution tests as at year end 31 December

US\$m	2021	2020	2019
Toll Revenues	59.9	51.6	89.3
Operating Expenses	(13.4)	(14.3)	(16.5)
Net Toll Revenues used for Minimum Coverage Ratio (A)	46.5	37.3	72.8
Net Transfers to Improvement Fund and Operating Reserve Fund	(1.4)	–	–
Net Toll Revenues used for Additional Coverage Ratio (B)	45.1	37.3	72.8
1999A	(2.5)	(2.5)	(2.5)
1999B	(45.3)	(43.4)	(41.6)
2005A	(6.8)	(14.6)	(16.9)
2005B/2005C	–	–	–
Reduction in debt service used in coverage ratio for bond buy back discount	0.0	2.7	0.2
Total Debt Service (C)	(54.5)	(57.8)	(60.8)
Minimum Coverage Ratio (A ÷ C) – 1.25x requirement	0.85x	0.64x	1.20x
Additional Coverage Ratio (B ÷ C) – 1.15x requirement	0.83x	0.64x	1.20x

2.4 Warnow Tunnel

2.4.1 Business background

The Warnow Tunnel is a 2km toll road with two lanes in each direction, including a 0.8km tunnel under the Warnow River. It opened to traffic in September 2003 and allows users to cross under the Warnow River which divides Rostock. Most of the residential areas are located on the western side and most of the industrial areas are on the eastern side of the river which includes the Rostock Port, a roll on roll off freight and passenger ferry port for Baltic shipping and a bulk port. A Cruise Ship Terminal is located on the western side of the river.

Tolls may be escalated annually and are subject to the approval of the Ministry of Energy, Infrastructure and State Development for the State of Mecklenburg-Vorpommern. Potential toll increases are linked to pre-tax equity IRR of the concession (see table 19 below). Since 2013, Warnow Tunnel tolls have been increasing on the basis of a calculation using inflation and 50% of GDP growth. Toll increases have historically been typically implemented in November and based on inflation and 50% of GDP growth figures, from the prior year and in Q1 of the relevant year. Applicable toll prices as of June 2022 are presented on the Warnow Tunnel website³.

Table 19 – Warnow Tunnel toll escalation

Pre tax IRR < 17%	Tolls may rise at a rate higher than inflation
Pre tax IRR 17-25%	Tolls linked to inflation
Pre tax IRR > 25%	Tolls remain fixed

Atlas Arteria has a 100% interest in the concessionaire Warnowquerung GmbH & Co. KG, the concessionaire partnership, and its general partner. The concession expires in 2053.

2. BUSINESS OVERVIEW AND PERFORMANCE

2.4.2 Business performance

Stand-alone accounts are prepared by Warnow Tunnel using German GAAP. The Operating expenses shown below, however, do not include items of capital expenditure or accruals which would otherwise classify as operating expenses under German GAAP and as such, the inputs used to calculate EBITDA are reflective of IFRS.

Table 20 – Traffic, Revenue and EBITDA

€m unless otherwise stated	H1 2022	H1 2021	% ch on prior	H1 2020
Total traffic (trips millions)	2.15	1.95	10.1%	2.13
Average Daily Traffic (ADT)	11,869	10,780	10.1%	11,725
Toll revenue	6.1	5.5	11.5%	5.9
Other Revenue	0.0	0.1	(40.8%)	0.0
Revenue	6.1	5.5	10.9%	5.9
